COMMENTS:

This bill would increase the amount of information that a state agency must place on its website when proposing a regulation.

The June 12, 2002, amendment added a provision regarding the San Francisco Bay Conservation and Development Commission. This amendment would not impact the department or state income tax revenue.

The department's analyses of the bill as introduced January 30, and amended March 13, 2002, still apply. The department's position remains support.
